

NOTICE

Positive Animal Rabies Case

This is the 5th case for Kerr County in 2016

Animal Submitted: Raccoon

Date of Incident 02/16/2016

Where: Kerr County – 100 Block Wyatt Ave, Center Point 78010

How: Tuesday February 16, 2016, a resident noticed raccoon acting strangely on their property. Kerr County Animal Services the Local Rabies Control Authority was notified and contained the raccoon. The raccoon was sent for testing on February 17, 2016. Positive rabies results were received Thursday February 18, 2016. One dog may have been possibly exposed; however, as required by state law because the dog is not current on its rabies vaccination a 90 day isolation period for the non-vaccinated animal must be observed to ensure their safety as well as the safety of the owners and the public's health & safety.

**You never know when a wild animal will visit.
Make sure to keep your pets vaccinated against rabies.
Do not attempt to feed or make contact with wildlife or stray cats and dogs.
Contact Kerr County Animal Services or Local Law Enforcement.**
