

Levi & Evelyn Taylor

In this history, Levi and Evelyn tell about the years during which they ran a popular drive-in restaurant, The Grove, here in Kerrville. They talk about how they got the idea, how it was built and many interesting stories about the day-to-day operation of this landmark described as the “most lively eating establishment in town.” Levi, a Kerr County native who attended Kerrville schools, also speaks knowledgeably about people and places in early Kerrville. Since retirement as a building contractor in Corpus Christi, the Taylors returned to Kerrville and spend their time traveling and Levi plays and writes music for a small band.
